

REMARKS

The applicant respectfully requests entry of the above amendment before calculating the filing fee.

This amendment is responsive to the Notice of Non-Compliant Amendment dated July 9, 2004. The Abstract is presented on a separate sheet. Claims are each shown with a status identifier and new claims are shown without marking. The Remarks begin on a separate sheet.

None of the above amendments are required by statute for the patentability of the claims. The amendments eliminate multi-dependency, correct grammatical errors, and present the claims in a more idiomatic common US claim format.

This amendment places the instant application in condition for immediate allowance and such action is respectfully requested.

Sincerely,

Michael E. Belk, Reg. No. 33,357
Senior Patent Counsel
